

Superior Court of the County of Solano

This document contains the court's responses to the questions we included in a survey regarding the services that the Administrative Office of the Courts (AOC) indicates providing to the courts. Our survey asked each of the trial courts, the courts of appeal, and the Supreme Court to indicate which services that each court has used. In addition, our survey asked each court to indicate whether or not it values each service. Other questions in the survey asked about the quality of the services that AOC provides and the importance of the services to the court's operations.

After the courts responded to our survey, we identified, in consultation with the AOC, eight services in our survey that do not apply to the trial courts. We excluded these eight services from the analyses that support the survey-related tables and figures that appear in our audit report.

Finally, for a copy of the survey instrument please follow this [link](#).

Additional Comments

The Solano court does not have sufficient staffing or resources to manage facilities. The Solano Court currently has an SB 1407 project, which is slated to be open in September 2014. Accordingly, the Court has used most if not all of the capital services offered by the AOC. The Solano Court has also undergone a number of major remodel projects since transfer of facilities occurred in 2007. I am concerned the workload for those in the capital program and facilities management is voluminous and there is insufficient staffing and resources to cover the needs of the trial courts.
